Children's Garden Tools

This year we purchased a few sets of Garden Tools for Children—real tools—not the kind you usually see, that are made of poor, painted tin.

THE HOES

are made from the highest grade of crucible steel, gold bronzed shanks, black lacquered steel ferrules, extra select polished straight ash Handles.

THE SHOVELS

Keen Kutter Brand—polished round point blade, D handle, with wood grip, length over all, 38 inches.

THE RAKES

are also of steel, head 4½ ins. wide, unpolished teeth 3¼ ins. long, ash handle 47 ins. long.

Per Set, \$1.75.

DOMINION DAY SPORTS.

Best Ever Held in Red Deer.

The Dominion Day celebration from start to finish was the best in the history of the town, in the way of a big crowd, good clean sport, fine music, and patriotic sentiment throughout. The thanks of the citizens is due the committee in charge, from President Welliver and Secretary Meeres down to the end of the list, for their untiring efforts.

The patriotic demonstration at 10 a.m. was a new feature, and struck a loyal cord in the hearts of the people. The school children were a particularly pleasing sight to many. The procession formed at the school, and consisted of the Light Horse, school citizens' band, speakers, school children, Cadets, autos, carriages, and pedestrians, and marched to the civic square, where stirring addresses were given by Dr. M. Clark, M.P., E. Michener, M.P., and Mayor McKee from a stand erected for the purpose, nicely decorated with mottoes and bunting, and over which floated the Canadian flag.

Dr. Clark gave a most thoughtful and patriotic address, reviewing the history of the Dominion and why we celebrated Dominion Day. It was full of loyal sentiment, and showed the doctor to be a deep thinker on matters pertaining to Canada.

E. Michener spoke of Alberta, our vast resources and our great heritage. He urged the teaching of patriotism to the children, and spoke of what the flag stood for. Mayor McKee presided over the meeting, the band playing several patriotic airs, and the children sang "The Maple Leaf" and "God Save the King," concluding one portion of the day's proceedings.

The marathon race, over a five mile course, was won by E. Smith, with John Lois, an Indian lad, second, Dan Smith making a very close third.

The afternoon sports at the exhibition grounds drew together a very large crowd, the gate receipts being sixty dollars larger than ever before.

AT THE TRAPS.

The trap shooting tournament was the best ever enjoyed in Red Deer, as nearly every crack shot in Alberta was present to take part. Teams were present from Olds and Water Glen, besides numerous shooters from Calgary, Ponoka and other places.

The first event, sweepstakes, 20 birds, was won by McLean with 19 birds, Duff 2nd with 18, Lee 3rd with 17 and Fagan 4th with 16.

The second event, Central Alberta Championship, 25 birds, was won by Huddell with 22 kills, Saffran came second with 21 and Andrews third with 20.

The third event, sweepstakes, 20 birds was won by McLean with 19 kills to his credit, Robinson next with 18 and Huddell third with 17.

Water Glen Club carried off the Citizens' Cup by making 51 points out of a possible 75. Red Deer came next with 48 points.

The 5th event was miss and out, three lives, won by T. H. Lee, 2nd, Andrews, 3rd, Huddell, 4th, Tait.

Consolation, Smalley 1st, Landon, Stephenson, and Ware 2nd, Huskins 3rd and Fagan 4th.

ATHLETICS.

The following were the prize winners in the athletic events of the day:

Hop, step and jump, R. Mollveen 1st, W. Northey 2nd.

Broad jump, W. Northey 1st, H. Samis, 2nd.

Pole vault, E. Peterson 1st, R. Mollveen 2nd.

Half mile open race, Haliburton 1st, H. Reeves 2nd.

100 yards, 16 and under, F. Richardson 1st, Karl Lobb 2nd.

Girls race, 50 yards, 12 or under, Elsie Edgington 1st, Ellen Peterson 2nd.

Girls race, open, Elsie Edgington 1st, Gladys Alf 2nd.

Obstacle race, E. Lobb 1st, Joe Smith 2nd.

100 yards, open, E. Smith 1st, F. A. Smith 2nd.

Pat Man's race, I. Garkie 1st, M. McDonald.

Bicycle race, Washburn 1st, England 2nd.

Bucking contest, McClelland 1st, Mitchell 2nd.

FOOTBALL

Three teams entered for the football prizes, namely Horn Hill, Olds and Red Deer. Horn Hill and Olds played first, Red Deer drawing the game.

Olds won rather easily by 4-0, making 3 goals in the first half and 1 in the second. Clark did most of the scoring for Olds, West also play-

a good game and their defence also seemed strong. F. Domoney, for Horn Hill could not play his usual game on account of his bad leg and many of the others seemed to be out of practice. The goals were all tricky ones, thus evading Sligo.

An hour later Red Deer and Olds played and this time Olds fell down to the score of 4-0. The locals outplayed them all round and they never looked dangerous during the whole game. Two goals were scored in each half, Steadman scoring 3 of them. The Red Deer forwards played good combination, a feature in which Olds were rather weak. The Red Deer team was: Davis, Oliver, Scott, Krause, Gea, French, A. Hutton, J. Hutton, Markie, Steadman, Kent.

HORSE RACING.

The racing events were well contested but were somewhat marred by the large puddle across the track north of the grand stand.

Pony Race, 14.2 or under: 1 Nellie, G. M. Willan, 2 Nancy, A. Bethune, 3 Brownie, E. Bryan. 1 mile open running dash: 1 Sandy, J. Bagley, 2 Chief, C. O. Brynne, 3 Prince, Bernard.

Half mile open: 1 Spike, F. Cottle, 2 Roxie, J. Mitchell, 3 Maud, A. Johnson.

Open trot or pace: 1 Alvolia, W. McLaughlin, 2 Texas Fred, Tom Ferguson, 3 Pearl C., G. Harvey.

BASEBALL.

The baseball match between Olds and Red Deer was very good and exciting up to the fifth when the score was close, two each; after that Olds went up in the air, and finished in the seventh on a single with a score of 10-2 against them. Red Deer's battery was particularly good, Washburn striking many out. The visitors had a strong, quick team of fielders, but their pitcher was practically knocked out of the box.

The musical ride by the 15th Light Horse was one of the most interesting features of the afternoon, a Toronto man present obtaining the boys did as well as the old troopers in Toronto.

The Red Deer Cadet Corps gave a dress parade and fancy drill, under the command of Capt. L. Gaetz, the lads showing improvement since last year's drill.

In the evening there was a huge bonfire on the civic square, and a tug of war, which was won by Andy Forrester's team. The band played a number of selections, and a quality of fireworks concluded the day's proceedings, which were so successful that they will be repeated next year better than ever.

Leslieville.

July 1st at Leslieville was the most successful day ever known in this part of the country. The sun shone bright and early and nearly all day, and a large crowd enjoyed all the features of the day. Great credit is due to the ladies of Bethesda United church for the way they managed the dinner and tea for so large a crowd. The winners of the different races were as follows:

Boys under 12—Olson 1st, Leslie Mead 2nd; boys under 15—C. Thompson 1st, Victor Reilly 2nd; girls under 12—Gertie Reilly 1st, Agnes French 2nd; girls under 15—Bertha Reilly 1st, Hazel French 2nd; 100 yard dash—Fred Isaacson 1st, Harvey Jordan 2nd; half-mile race—Harvey Jordan 1st, R. AN AWAKENED PEOPLE.

It is evident that the people of Ontario have realised that because of their carelessness at the last general election they misread the opportunity of placing Mr. Borden in power. They look as if they would take no chances next time. Reports at Ottawa are that the Ontario tour of the Opposition leader has been the most successful he has had since he was elected to that position. His lieutenant, declare that the province is thoroughly awake to the situation at Ottawa, and that Sir Wilfrid is, as the Toronto World has described him, "a patron of grafters and thieves of the public purse."

QUEBEC CONSERVATIVES.

There is an impression prevailing that there are very few Conservatives left in the province of Quebec. This is far from being the case. No fewer than 130,000 votes were recorded for Mr. Borden in the French province at the last general election, and there is the assurance that there would have been a great many more had not Sir Wilfrid appealed to his own people to give him four more years to finish his work. They gave what he asked. He cannot repeat the same story.

This interesting information has been emphasised by Judge Doherty during his Ontario tour with Mr. Borden, and it startled the good people of the province who had thought that the Conservatives had not the ghost of a show in Quebec.

By the way, it is interesting to observe that Mr. Doherty, who travelled Ontario with Mr. Borden, is the same gentleman who was described by the Liberal press as disloyal to the Opposition leader. So the chickens have come home to roost. The truth is not a single disloyal member is in the Conservative party, much to the annoyance of their opponents.

The Immigrant Question.

Ottawa, June 28. - The difficult and unfortunate situations which have been created by Hon. Frank Oliver's anti-British regulations have let loose a hornet's nest about the heads of the government. Mr. Oliver is well known to be anti-British like Mr. Murphy, but it is going a little strong when the immigration regulations he imposes work out to the result of keeping out of Canada the same class of people who have made Canada what she is, namely, men of British blood. So that there should be no mistake, here is an example. Thirteen British families arrived at Quebec. The heads of these families were skilled mechanics of the sort that Canada wants to build up her great industries, and help her to compete with the big nation to the south. They were refused admission because they did not each have \$25 in his pocket. On the same vessel were some of the lowest classes that come from Continental Europe. They had no \$25 in their pockets, but the word was passed along to describe themselves as agricultural laborers, and they were admitted without question. Yet some of these Slavs, Russian Jews, and a general mixture, all unable to speak a word of English, hardly know what a farm is. The Britishers were of the very finest type and well recommended. They also had places to go to. It was pointed out to your correspondent by the Immigration Department that if their employers in Canada had advanced these men a month's wages the difficulty would have been avoided. The immigration officials gave them no such opportunity, and in any case, if they had, it would simply have been an evasion of Mr. Oliver's regulations. It is curious that his own department should tell people how to avoid the regulations. It is hardly commendable. The whole trouble seems to be that the department does not want in this country the best people. Men who can think for themselves are not wanted. Doukhobors and the like, whom govern officials can drive to the poll in droves are the men that are wanted now-a-days. Generations to come will curse the immigration policy of the present administration.

Local & General

Miss Currie, of the Hospital Nurses Staff, left on Wednesday to spend a month in Carstairs, Alta. Miss Jean Calder, of Innisfail, will supply during her absence.

The teaching staff will spend their holidays as follows: Miss Miller goes to her home in Rosendell; Miss Stephenson spends her vacation at her home in Madoc, Ont.; Miss Peterson goes to Stettler; Mrs. Wanless, Miss Cowan and Miss Good remain in Red Deer and vicinity; Miss Ward, who has severed her connection with the staff, has left for her parent's home in B.C.

The Imperial Pioneers have been carrying on an active and effective campaign in the north of England on behalf of a policy of trade preference with the Colonies. Messrs. Cookshutt and Malloy, of Ontario, have made a great impression.

A man named McCann, employed at the Great West Lumber Co.'s camp, west of Olds, came up by the night train Monday, June 27th, to the hospital, where he died shortly afterwards. He was riding up a steep bank when his horse fell back on him, the horn of the saddle crushing in his ribs and forcing the bones into his lungs. His case was hopeless from the first. The body was taken to Stone's undertaking parlors and prepared for burial.

Mrs. M. E. Kennedy, of the general hospital of Weyburn, Saskatchewan, has taken up her residence in Red Deer with the intention of making it her home, and wishes to announce to the people of the town and vicinity that she is prepared to go out upon private duty. Rooms with Mrs. Allen, two blocks south of Presbyterian church.

In travelling through the country your correspondent fell in with the residence of J. Jones, 6 miles south of Everts, and was agreeably surprised with his beautiful, painted house, large garden, fine field of oats and barley, six stables, granary, an implement shed, woodshed and smokehouse, all roofed with shingles. Mrs. Jones told me about their lawsuit with Mr. Bouquet which they lost since the judge could not understand how it could be that when Mr. Jones went to trial the logs to the saw about half the pile was gone. It had probably been sawn up and sold but Mr. B. succeeded in convincing the judge that Mr. J. was responsible for their safe keeping before they were sawn, and so he gave a verdict for sawing the whole pile which was more than Mr. B. had even asked for. She also told him of her last adventures in town selling steers to pay her lawyer when because she insisted on seeing her two steers weighed, the buyer used a dollar of her money to pay for the weighing in her presence, and that on meeting her later in the day as she was leaving town told her, "Mrs. Jones, I have paid you \$5 too much." She replied, "Thank you, Mr. - , so very much. I have spent it all ready in groceries, hardware, etc." She thinks it a great joke on him.

Convenience to the Public.

R. E. Laurence has just had made a fine band wagon, capable of holding twenty people. It will be upholstered and have a canopy top and curtains to protect from rain. Picnic parties, cricketers, baseball teams, etc. can all be accommodated in one load. Mr. Laurence will run a bus to Sylvan Lake when required, and take passengers there for 75 cents and return fare for \$1.25, that is if he can procure a load. This wagon will be a great accommodation to the public, as it will enable parties up to twenty to keep together in a jolly load. Springbett & Harvey had the contract for making the wagon.

The News Cup.

The contest for the News Cup by boys of the public school under fifteen, was completed a few days ago. There were six teams this year, and the play between D. Wilton and C. Malcolm was very close. C. Malcolm's team winning by one point. The following was the result:

No "Flying Start" required with this Mower

If your mower isn't a Frost & Wood, very likely you have to back it up several feet and get a "flying start" before the knives will cut. That is because it is made on the External Gear principle.

Now, with the Frost & Wood No. 8 Mower the knives commence cutting the instant the horses begin to move. That is because the No. 8 is designed on the Internal Gear principle.

Frost & Wood No. 8 Mower

We could tell you here the difference between External Gear Mowers and Internal Gear Mowers, but it would require a lot of space, and we can explain the difference more readily if you'll drop in and see us. We also want to show you the Large Bearings used in the Stay-tight Connection between Cutter Bar and Main Power Frame, as well as the Double Brace used to protect the working parts from jolts and jolts - and several other features exclusive to the Frost & Wood No. 8 Mower. THE BISHOPS' OATH.

A man signing himself F. D. wrote the News last week, taking us to task for publishing the Quebec bishops' oath, and saying it was a forgery and "exists only in the imagination of some anti-Catholic editor," and sent us what he claims is the true version found in the book called "Pontifical," which we published last week.

Owing to the crowded state of our columns we were unable to devote any space to a reply to F.D.'s letter.

He is one of those gentlemen who, ashamed of the cause they defend, parade under a nono plume, while he slurs the editor in his own paper, knowing his name will not be divulged.

We for this reason, felt inclined to deny him space, but thought better of it.

Notwithstanding the denials of F. D. and others The News still adheres to the authenticity of the terms of that oath, which was supplied by Hon. S. H. Blake and which is found in the book just published on "The Roman Catholic Church," by Francis T. Morton, of the Massachusetts Bar. It conforms in its terms most faithfully to the declaration of the syllabus. It may not be possible to produce this oath from the ecclesiastical works sanctioned by the Roman Catholic Church. But it does not necessarily follow that because the Church does not allow it to be put in print that the terms of the oath are not exactly as given. We find in "La Morale Des Jesuites," by Paul Bert, on page 331, chapter two, of the second part, the sub-heading, "Oaths of the Bishops" as Article 1. Article 2 is the oath of the cure, but the terms of the oath are absent. A line of asterisks denotes something left out.

Paul Bert, who is considered an authority on ecclesiastical law, quotes approvingly Emmanuel Sa that a priest is not a subject of the King, which leads us to the

inevitable deduction that a Jesuit priest is a subject only of the Pope. And thus by inferential evidence of the strongest character, confirms the accuracy of the oath which has been printed in these columns.

Attorney-General Mitchell was elected at Medicine Hat by 356 majority on Wednesday last. Premier Sifton was also returned for Vermilion by a majority of about 250. The fact that Campbell's majority at the last election was nearly reduced by half shows that the people are beginning to think, and the Conservative cause is gaining ground. The leaders of the Liberal party put forward every effort to pile up a big majority for the Premier, but he barely pulled out even in the English speaking portion of the constituency.

Sir Wilfrid's Dilemma.

He Wants to Go to the Country But There Is Danger.

Ottawa, June 30.—Sir Wilfrid Laurier is on the horns of a dilemma. It is conceded that the longer he is in going to the country the less good are his chances of success at the polls. He would like to have a general election this fall and his tour of the west is simply a political campaign with this end in view. But if he goes to the country this year, or even next year, it will practically amount to a disfranchisement of the west for four or five years. The reason is that after the census of next spring there will be a redistribution of seats which will affect the west far more than the east. A definite estimate has not been made but there will be a very large increase in the number of western constituencies.

The demand, therefore, is made by the western Liberals that nothing be done until the redistribution is accomplished and that a general election be held immediately afterwards. This at any rate would save the seats for Liberal members and no soreness would be created in the minds of western people generally.

Again, Sir Wilfrid has to face the moral effect of any serious

delay in bringing the redistribution act into effect. An early election and the temporary disfranchisement of the west would give the Conservatives a powerful weapon which could be used to advantage all over the country.

The Conservatives generally express themselves as confident that they will get enough seats in the west to more than offset the preponderance in Parliament which Quebec gives to Sir Wilfrid Laurier.

There is a general consensus of opinion amongst the Liberal members, which was freely expressed last session, that nothing could have been more unfortunate than the rallying cry issued during the last campaign: "Four years more for Laurier. Let Laurier finish." The result is a very general impression throughout the country that Sir Wilfrid will retire immediately after the next election.

But the chief difficulty that faces the government is the fact that the Liberal party is without any leader of importance in the west, while the Conservatives are particularly fortunate in this regard. There is no one who can fill Mr. Sifton's shoes. Neither Mr. Oliver nor Mr. Templeman has the capacity or organization that he has. The party is poverty stricken.

It is significant that Sir Wilfrid, in his tour, will avoid a great many of the constituencies that are held by Conservatives. The presumption is that it would be wasted time appearing there.

Dying of Plague by Thousands.

Odessa, June 27th.—Southern Russia is confronted with a cholera plague which rivals in horror the frightful visitations which periodically decimated Europe centuries ago.

Between five and six thousand persons have been stricken, forty per cent. have died, and the scourge is sweeping across the land like wildfire. Frost alone can save the land from semi-depopulation and frost is months away. Even physicians are stricken.

Wedding at Hillsdown.

ROBERTS—ROWELL
A happy wedding took place on Wednesday afternoon at the residence of Mr. A. Rowell, Hillsdown, when Miss Mabel Elizabeth Rowell was united in marriage to Mr. Evan Roberts, Red Deer. The ceremony was performed by Rev. W. Whitehead of St. George's church, Penhold.

The bride, handsomely attired in dainty cream satin, trimmed with baby Irish lace, bridal veil and orange blossoms, was given away by her father, Miss H. Rowell, in green muslin, was bridesmaid. The groom was supported by Mr. Jack Jones.

After the ceremony and a fully well dining breakfast, Mr. and Mrs. Roberts drove to Red Deer, where a large company of friends of the young couple saw them off on the evening train to Edmonton. The bride's going away dress was of grey broadcloth, with Wisteria hat.

The bride was remembered with a generous array of gifts, the groom's gift to the bride being a set of silver toilet set, and to the bride's sisters gold brooches set with pearls.

Both of the young people are well known in town and country, the bride having been on the W. E. Lord Co. staff, while the groom is working with Mr. Hugh Clark, contractor, and they will have the best of good wishes for their future happiness.

Women's Beauty

It Can Never Be Perfect Without Luxuriant Hair.

A head of luxuriant hair is sure to be attractive. But nature has not crowned every woman with glorious hair. Some very lovable women who have treated very scantily in this respect.

For instance, there are tens of thousands of women in Canada today who have harsh, faded and lusterless hair, who are unattractive simply because they do not know that modern science has discovered a way to overcome the whims of nature can be overruled by the genius of science.

If you are a woman without beautiful hair, do not permit your attractions to be hidden because of this slight misfortune.

Go today to Gnetz-Cornett's Drug Store and buy a large bottle of Parisian Sage for 50 cents, use it each night, and you will notice the harsh, repulsive hair disappear, and in its place will come soft, silky, bright and luxuriant hair.

Parisian Sage is guaranteed by The Gnetz-Cornett Drug Co. to cure dandruff, itching of the scalp, and stop falling hair in two weeks, or money back.

The Town Council.

Cement Walks, a New Park, and Other Matters Discussed.

There was only a bare quorum of the Council, Thursday, June 25, and after the by-laws carried by the Council were read a third time, the Council adjourned to Tuesday evening, 28th.

On Tuesday evening there were present His Worship Mayor McKee, in the chair, Councillors Gaetz, Tallman, Caracallen, Welliver, Galorath, and Commissioner Stephenson.

The resignation of Councillor Hill was accepted and a by-law will be prepared providing for an election to fill the vacancy.

COUNCIL'S OPINION

Chief Justice was granted leave of absence to attend the Fire Chiefs Convention at Winnipeg. The Council to pay his fare, on condition of the Chief investigating the alarm system such as was needed in Red Deer.

The Council will attend in a body the patriotic procession and demonstration on Dominion Day morning.

The Commissioners had tried to arrange an abatement of a gasoline nuisance proceeding from a stalled automobile on the side of J. W. Broughton's, which was complained of by Mr. F. Alott. By request of the Council, the Commissioners will take up the matter again.

Mr. W. H. Hadley complained of the hardship sometimes imposed on citizens by the by-law governing cattle running at large. He had to pay the costs of the police court, instead of the less expensive poundage fees.

Councillors complained of this by-law not being enforced. The Commissioners had found the pound keeper somewhat indifferent. The Commissioners will see if some provision in the way of increased taking-up fees or other plan, cannot be adopted to improve matters.

Mr. D. S. Long wished the Council to grant him permission to brick veneer and otherwise improve his store building. The fire limits by-law provided for solid brick construction in the first class fire limits.

The Secretary-Treasurer will see if Mr. Long can put in a new foundation. The fire limits by-law will be brought down for consideration at the next meeting, but the sentiment of the Council seemed averse to making any change.

Messrs. Crawford and Durie, of the Laurier Demonstration Committee, appeared before the Council to ask that the town extend to Sir Wilfrid Laurier, Hon. G. P. Graham, Minister of Railways and Canals, a civic welcome on the occasion of his visit to Red Deer on August 10 and 11.

The political meeting would be held on Thursday afternoon, but Wednesday afternoon, after the arrival of the party at 12.25, would be available for any reception the Town wanted to give the party. The Liberal Executive would co-operate with the Council in any way.

Mr. Crawford, as a ratepayer, urged that the Town put on the best front possible for the Premier and the Minister of Railways, in the interests of the people.

Mr. Caracallen considered an honorarium being done Red Deer by the visit of the Premier, and he was glad the Town was being given an opportunity to assist in the reception. The Council should do everything possible to make this a pleasant visit, and to sustain the reputation of the Town for hospitality. They would never have a better opportunity of placing their town to the front, and they should make the occasion a big one.

On motion of Councillors Gaetz and Caracallen, the Council unanimously agreed to meet the request of the Demonstration Committee, and to extend a demonstration of welcome to the Premier. The details will be taken up later.

COMMISSIONERS' REPORT.

We have had three 12 foot tables put up in Gaetz Park, 12 long benches, a can for waste papers and fruit skins and a store for boiling water for picnic parties. A 6 foot sidewalk will be built immediately on River Avenue from Douglas Street to the entrance to the Park. We are also having printed regulations put up around the Park.

In view of the lamentable accident at the mouth of Waskasoo Creek we believe it would be advisable to prohibit bathing at this place entirely. We therefore recommend that we be authorized to have notices posted to this effect, and to notify the Police to enforce this.

We have installed catch basins on each side of Gaetz Avenue at the corner of Stewart Street and one at the corner of Mackenzie and Alexander. The streets where water is likely to flow after rains are being graded as rapidly as possible, and broken sidewalks repaired from time to time as they were discovered.

We have been delayed in installing a water and sewer connection by the failure of the manufacturers to supply us with pipe. Yesterday we got a further supply, and we will rush the work to that all connections for which we have received applications will soon be installed. We find it necessary to purchase three additional water meters.

We have suggested to the school board that, as the school grounds are much above street grade on Nanton Street, Morrison Streets, we will level the west end of the grounds in return for the lot necessary to grade Nanton Avenue.

We have received on trial a mimeograph machine for taking off copies of letters and reports. We ask that we be authorized to purchase this for \$20, should it prove satisfactory. We believe we can save the cost of it in a year.

We have called for tenders for the building of the cement sidewalks to the north of the 28th inst. Mr. Miles came down Monday night and we went over the plans and specifications and revised them finally. Advertisements were placed in the Calgary Herald and Edmonton Bulletin, and already two contractors have been here to look over the plans. As we wish to have work commenced on these at the earliest possible time we ask that we be authorized to award the contract on the advice of the Engineer.

We are advised that the new pump is at Calgary now. We have notified the Agent to have it cleared and sent on, and have also asked him for advice on getting it set up.

Mr. Dingman, representing the Financial Post was in town this morning, and he also asked him for advice on getting it set up.

Mr. Goudie of B.C. called at the office yesterday with Councillor Gaetz. He is getting information with a view to establishing a plant for making aerated waters. We gave him the information he required, and we trust he will locate this summer.

We had an application from Mr. Slesch for permission to erect an iron fence around his lot in the cemetery. Under the By-law regulating the cemetery this is prohibited unless approved by the commissioners. We therefore refused permission. We recommend that all wooden fences be taken down and that the large gate be locked except in case of funerals. In this way people will not be able to drive across any lot, and rigs will only be permitted in the cemetery when the caretaker is there.

We hope to have the final estimates ready for submission to you within a few days.

We submit herewith list of accounts for your authorization. We submit herewith By-laws for third reading.

We recommend that we be authorized to order from the Winnipeg Rubber Co., 400 feet of fire hose. Chief Meeres having recommended this as the best. The price is \$1.10 per foot.

In discussing the report, while not strictly objecting to the purchase of a mimeograph, Councillor Welliver considered the town ought to make shift this year the same as other people. The Secretary-Treasurer pointed out where it would save him valuable time: his assistant was pretty well occupied with the books.

In regard to cemetery fences, the Mayor pointed out that fences round lots had been taken down in all the city cemeteries that he knew of. The Council were unanimous in not having any more fences erected, and supported the Commissioners in having the present fences removed as soon as possible without doing violence to the sentiments of lot holders. The Commissioners will also see whether arrangements cannot be made with the L. I. D. Council to have cinders laid down on the cemetery side the full length of the range of tie posts, so that rigs can drive over to tie posts at any place.

A Winnipeg fire hose traveller spoke to the Council regarding his brand, and the last clause of the report was amended so that the Commissioners were not tied down to any particular hose in purchasing.

The report as amended was adopted.

ACCOUNTS

Payment of the following accounts was authorized:

News Publishing Co., \$104.50; Springlight & Harvey, \$3.50; J. Halstead & Co., \$2.00; C. W. Parks, \$10; Canadian Pacific Railway Co., \$10; E. W. Dowsett, \$15.30; Red Deer Advocate, \$20.50; Percy K. Griffin, \$1.25; Albert Iron Works, \$43.75; Bawltinheimer & Sons, \$2.10; John Gale Engineering Co., \$17.85; Gorman Clancy & Co., \$35; Red Deer Steam Laundry, \$1.00.

SUPPLEMENTARY COMMISSIONERS' REPORT.

We took up the question of purchasing land at the south end of the Town for park purposes, and have received the accompanying offer from the Townsite Co. We with Councillors Gaetz and Galorath, went over the ground offered and find that there is ample level ground for both a baseball and football ground that will not require much expenditure to put in shape. We recommend that the offer of the Townsite Co. be accepted, subject to the ratification of the ratepayers, and that a By-law be submitted to the ratepayers for \$9,000—\$7,440 being the purchase price of the land and the balance to be used for fencing and fixing up the sports ground, and improving the Park. The annual payment on this amount on a 20 year 5 per cent debenture will be only \$555 and the first payment will not come due till next year, when no doubt the assessment will be largely increased.

The Council considered the price put on the 44 acres, \$108 an acre, a very low one. The property in question comprises the land bounded on the north by a line drawn east in continuation of the south side of Victoria Avenue, bounded on the east by the Exhibition grounds, bounded on the south by the town limit or the road allowance dividing sections 10 and 9, and bounded on the west by Gaetz Avenue. This is 45 acres in all, but Mr. Piper has an acre out of it. On the east side, adjoining the Exhibition ground, there is a sample open, level, land to provide for recreation grounds, while the rest with its woods, its creeks, and the ponds, makes a natural park. The idea is to close the trail now running across the property and extend Nanton Street south through the property until it strikes the road allowance. It is not proposed to alter the property but to clean it up, and put in drives and walks.

Councillors Tallman and Gaetz who know the property best, were enthusiastic over its adaptability for park purposes. The Commissioners also considered the Town very fortunate in getting such a chance to buy park property at such a low price, when other places had to pay heavily for like property. "It was a great find," the ratepayers would get again," Commissioner Stephenson thought. Councillor Welliver said it looked to him like a cheap buy, but he would like to look over the ground.

The proposed route of the Canadian Northern as it would affect the property was discussed. Councillor Gaetz had traversed the trial survey stakes through the town from Waskasoo creek along through Parkvale and out the Piper creek ravine, and he judged the line would go through the Exhibition grounds and likely touch the southeast corner of the proposed park property, but very little of it would be affected, perhaps none.

As the price, set by the Townsite owners was for immediate acceptance the Council decided to endorse the Commissioners' recommendation to accept the offer, subject to the approval of the ratepayers. This acceptance will satisfy the Townsite owners that the Town means business, but it does not prejudice in the slightest the right of the property owners to decide the matter. Councillor Welliver did not vote on the Commissioners' recommendation, as he wished further time to look into the matter.

2. Mr. Miles, engineer reports having received the following tenders for the cement sidewalks to the townsite: E. Mander, Walks 26 cents, curb and gutter 39 cents. A. Patterson, Walks 26 cents, curb and gutter 45 cents, crossings 39 cents. H. Anderson, Walks 23 cents, curb and gutter 50 cents. Batchelor, Marshall & Co., Walks, 22 cents, curb and gutter 60 cents. Davison & Westaway, Walks 19 cents, curb and gutter 62 cents. The latter tender is \$1,020 lower than the next lowest, and is accompanied by the necessary marked cheque. Mr. Miles recommends the acceptance of the tender of Davison & Westaway, and we recommend that this be confirmed and the contract let to this firm.

The report was adopted. The Council adjourned at 11.30.

Great Bend U.F.A. had a well attended meeting on June 28th. It was decided to hold the third annual picnic on July 7th in the picnic grounds 1.2 miles S. W. of Cent. Prizes will be given for sports. Various committees were appointed to arrange for refreshments, seats, and tables, and games, races, etc. Everybody will be welcome.

Dear Sir—Will you be good enough to allow me through the columns of your valuable paper, to correct an error in the prize list of the Vancouver Exhibition. At page 30 under "Breeding Classes" it reads, "Horses competing in the Breeding Classes cannot compete in the Harness Classes." This should read "Horses competing in the Breeding Classes can compete in the Harness Classes." Thanking you for your courtesy, I remain yours faithfully, JAMES ROY, Manager and Secretary.

Meeting of Alberta Law Benchers.

Red Deer is getting to be a favorite place for Conventions from its central position, and the latest of these was the semi-annual meeting of the Benchers of the Law Society of Alberta, which was held June 25, 26, and 30. G. W. Greene invited the party to be guests at his summer cottage, "Rusticana," at Sylvan Lake and they were taken out in motors, through the kindness of Messrs. Brumpton, Welliver and Carscallen. They were much pleased with their outing and delighted with the scenery at the Lake. The Benchers who attended were Messrs. James Muir, K.C., Pres., Calgary, C. F. P. Conybeare, K. C., Vice-Pres., Lethbridge, J. C. F. Bown, K.C., Edmonton, W. L. Walsh, K. C., Calgary, E. P. McNeill, Macleod, D. G. White, Medicine Hat, G. W. Greene, Red Deer, Adams, Sec.-Treas., Calgary. Senator Lougheed and Mr. Biggar were unavoidably absent. Mrs. Muir and niece, Miss Sills, of Belleville, accompanied the party. On Wednesday evening the Red Deer legal fraternity, Messrs. Payne, Crawford, Moore and Durie were, present at dinner. The Benchers showed their appreciation of Mr. and Mrs. Greene's hospitality in a very unexpected way by presenting Mrs. Greene with a handsome afternoon tea service of Royal Crown Derby China, which was much appreciated.

FOOTBALL

The postponed game between the Firemen and School takes place on the Fair Grounds to-night. It goes without saying that football enthusiasts who attend this game will get their money's worth as the teams are evenly matched. The School are out to win, and the Firemen have only to make a draw to put them out of the running for the Cup this year. On the other hand it is safe to say the Firemen are going to make a great effort to repeat the former done and put paid to the School account for season 1910. Both teams are putting strong efforts in the field.

AN AUCTION SALE

OF HIGH CLASS FURNITURE

equal to new, on

Tuesday Next, July 12, '10.

Inspected by Mr. McColl, I will sell by public auction at his residence on Victoria Ave., close to the Red Deer brickyard, his well appointed furniture and effects, consisting of the following:

Entrance Hall: Oil cloth and oak table; stair carpet treads and fastenings.

Dining Room: Suite in solid oak, consisting of: Dinner Wagon, Buffet, round extension table, 8 ft.; 6 diners and 1 arm chair, upholstered in real leather seats and backs, a very nice suite and equal to new.

Parlor: 2 satin rockers; satin reception chair; seagrass arm chair; oak rocker and arm chair to match; oak parlor table; lounge and cover; tapestry curtains and pole; jardiniere; stand; pictures and clock; tapestry rug; Japanese screen and bracket; ferns and plants.

Bedroom, No. 1: Brass mounted iron bed; springs and mattress; pair feather pillows; dresser and commode; 2 chairs; toilet set; Indian matting and rug.

Bedroom No. 2: Iron bed; spring and mattress; dresser and commode; toilet set; white sewing machine (drop head).

Kitchen: Hudson range, 3 chairs, 1 table, linoleum, sink, pail and dishes, seaters and fruit, mirror and lamp, alumn clock.

Yard: 2 screen doors and window screens, heater, hoe, rake and shovel, tubs and boiler, tent 8 x 10, quantity coal.

The above goods are being called East on important business which will necessitate his being away for 3 months, and rather than leave it to take care of itself and continue paying rent, he prefers to sell and buy again on his return, as he says the West for him; and persons wanting really good furniture with scarcely a mark on it, will do well to attend this sale.

I Will Give You Rest

FOR TIRED EYES.

Sensations exist for our guidance. They are nature's warnings. Overworked eyes demand rest. Eyes that tire easily call for help. Properly fitted glasses afford the only assistance possible.

Our Optical parlor is furnished with the most modern devices, and our Mr. H. H. Gaetz gives this matter his personal attention.
